Transiting Pluto in quintile with natal Mars

Dec 15, 2024 to Mar 2, 2026, exact Feb 18, 2025; exact Jul 24, 2025 R; exact Dec 27, 2025

The planetary energies are positively linked, subtle, and spiritual in dimension.

Your sense of assertion and your goal-directed activity may be subject to drastic changes, for the purpose of bringing to light the inner workings of repressed impulses you may have in these areas. The life factors of outward-directed activity, assertiveness and also animal passion are now subject to transformation. Your drive to succeed may be riding at an all-time high during this transit. On the other hand, this may be a stressful time which is ultimately productive of far-reaching changes, as you feel yourself directly challenged by inner processes that seem about to overwhelm your fragile ego. Either way, compulsive or control-oriented behavior that normally lies beneath the surface of your conscious awareness could come up for you at this time. You benefit from allowing yourself to have faith in your own process, to guide you through these events to emerge on the other side, calm once more, and even more wholly yourself than before you went through them.

Transiting Neptune in sesquiquadrate with natal Pluto

Sep 3, 2025 to Mar 7, 2026, exact Oct 9, 2025 R; exact Feb 6, 2026

The planetary energies conflict in determined subtle tension; control is required.

This transit brings the consciousness of universal oneness to your own urge for self-transformation and regeneration. You will undoubtedly have new spiritual insights during this period. You are in the midst of far-reaching changes at this time, although they may seem more underground than on the surface of your awareness. Feelings of confusion may come up for you, and you may feel yourself to be in the grip of compulsions of which you had been unaware until the present moment. You may also feel a heightened sense of kinship with all life. This is a stressful, but also a tremendously important time in your life, when you are looking more deeply into the meaning of your existence than you did before.

Transiting Chiron in square with natal Saturn

Sep 28, 2025 to Apr 1, 2026, exact Nov 11, 2025 R; exact Feb 21, 2026

The planetary energies conflict; internal and creative tensions bring rich rewards through effort over time.

Your psyche is subject to a stressful and potentially vitalizing period of time. The very structure of your life may be changing as you undergo painful realizations, leading to a great metamorphosis in your self-concept. At this time also, difficulties with authority figures may emerge, or your relationship with your father may be challenging, or the way you live your life in relation to the structure of society itself may be coming to a point where changes that have been in the works for some time are ready to burst forth into your conscious awareness. There may be old wounds with your father, or with the parental care and discipline you received in early childhood, that re-emerge at this time, hopefully for purposes of healing these issues and the potentially debilitating effects that they may have on your life. You may have prior difficulties with either rebellion or too great an attachment to authority that come to the surface at this time, when the rules and boundaries that you operated within for quite a long time may be in process of transformation. Often our sense of responsibility and the corresponding societal structure we have internalized during our formative years is a poor fit to our more mature and evolved understanding. It is difficult to give up old patterns, but if you can possess your individual sense of responsibility, as Astrologer Caroline Casey says "insource your Saturn", you may become free for the first time of received opinions from consensus reality and be able to finally march to the beat of your own drum.

Transiting Uranus in conjunction with natal Moon

Dec 20, 2025 to Mar 19, 2026, no date of exact

The strongest blend of the energies represented by these two planets.

Your feelings are expressing themselves to you in ways you never before dreamed possible. This could be the beginning of a major breakthrough, the first step in actually coming to terms with emotions long buried in your unconscious. Some other ways that this important transit could manifest in your life: you may find yourself feeling restless and bored with your current dwelling or home life, leading you to make drastic changes in your home environment; your close personal relationships may alter; you may have insights that force you into a new way of seeing your relationship with your mother. Even if these changes seem disruptive they usually work out for the best in the overall process of your life development. These changes may provide insights that will be the seeds for your future emotional development. Some new part of yourself is struggling to break free to the surface of your personality.

When we reconnect with repressed and potentially painful feelings that have been buried away in the depths of our psyche we inhabit these rejected parts of ourselves and become more whole. At this time too, you may connect with a higher purpose in the work that you do, especially if this work involves helping people to heal in some way, and to grow in their own understanding of who they really are. other ways inhabit the vision of wholeness and freedom from old pain that you feel emanates from the intuitive clarity provided by your higher self.

Feb 4, 2026 to Aug 17, 2026, no date of exact

The planetary energies flow smoothly; the connection is easy and beneficial.

This period of time with Pluto transiting your Ascendant is significant for you. It is a time when many factors in your life could alter. Because Pluto symbolizes the process of decay and change, death and re-birth, significant life changes are almost certain to result. These changes can be difficult, since most of us tend to cling to our older and more established ways of being, and resist the pressure of the new with all our might. But these changes are inevitable, and perhaps necessary for your growth as a human being. Sometimes these life changes will manifest more on an internal level, and sometimes outer events may bring them. These events unfold over time. Often, too, a strong Pluto transit means confronting parts of yourself that you would rather not face, and you may be tempted to evade this encounter. But running away from the battle will not help, for eventually you must admit the dark unknown and integrate it with your conscious self, if you are to move towards wholeness and peace of mind.

It is important to trust your inner process at this time and let it take you where it wants to go. It may be that old wounds from your childhood come up at this time, perhaps they are the deep-seated residue of past trauma that are locked away in your psyche and only come out at night. Even so, these issues can have an important effect on your conscious life, and may prevent you from fully participating in the so-called "real" world.
